Policy on Research Elective for the students at QMCK

Aim: To promote and enhance the culture of ethical and evidence-based research among the students at QMCK.

Objective: (Objectives)

Teach, enhance, and improve the research skills among the students of QMCK.

This policy will work through following criteria:

Promoting Research

- Promoting & enhancing the research culture from the very start of the medical education

Training programs

- Offer structured training program to improve the research skills among the students

Ethical standards

- Ensure that ethical guidelines of research are fully met

Hands-on-Practice

- Conduct practical sessions in computer labs to teach essential research tools & techniques

Recognition

- Reward outstanding research with certificates, awards, & *provide opportunity to present in local institutions*

Faculty mentoring

- Senior faculty mentoring (allotted supervisors) for the research projects.; from the CM dept + senior faculty from the IRC members. Other willing senior faculty members will be welcome to be the part of this research mentoring program

Duration of the program

- Duration will be 2 weeks during summer holidays
- Interactive teaching hours 20 (please change as per suggested Structure of Concept Paper; yet to be formulated)
- Ongoing mentoring for the motivated students (change with; mentoring till publication as outcome)

Teaching faculty involved

- Faculty from the IRC sub-committees & other motivated senior faculty (its repetition)
